

Restroom Service Mats

Specialty Mats • Indoor

Restroom Service mats are commercially launderable and designed for long-term use, making them ideal for those seeking an eco-friendly alternative to disposable restroom mats.

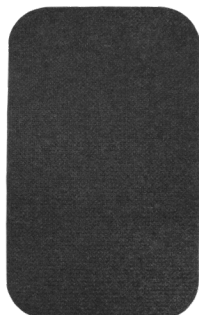

Sink Mat

- **Clean & Sanitary** – Water dam border traps liquids, keeping floors dry while the bi-level surface ensures liquids remain beneath foot level to keep shoes dry and minimize tracking
- **Eco-Friendly** – Fabric surface is constructed from PET, an eco-friendly fabric that dissipates moisture and dries quickly
- **Odor Resistant** – Fabric is anti-microbially treated for lifetime protection from odor-causing bacteria
- **Fade & Bleach Resistant** – Eco-friendly PET fabric provides superior color-fastness and is impervious to bleach
- **Commercially launderable** – Designed for long-term use with regular laundry service
- Available in 3 thoughtfully designed sizes for placement in front of urinals, commodes, and sinks
